ORDER

By the Commission:

I. PROCEDURAL HISTORY

On November 22, 2005, the Illinois Commerce Commission ("Commission") entered an Order Commencing FAC Reconciliation Proceedings, which directed Mt. Carmel Public Utility Company ("Mt. Carmel") to present evidence in this docket at a public hearing to show the reconciliation of revenues collected under its Fuel Adjustment Clause ("FAC") tariff with the actual cost of fuel supplies prudently incurred and recoverable under said FAC tariff for the year ending December 31, 2005 (the "Reconciliation Period"). Notice of the filing of Mt. Carmel's testimony and schedules with the Commission was posted in Mt. Carmel's business offices and was published in newspapers having general circulation in Mt. Carmel's service territory, in the manner prescribed by 83 Ill. Adm. Code 255, in compliance with the Commission's November 22, 2005 order.

Pursuant to proper legal notice, a prehearing conference was held in this matter before a duly authorized Administrative Law Judge of the Commission at its offices in Springfield, Illinois on May 11, 2006. Thereafter, an evidentiary hearing was held on September 27, 2006. Appearances were entered by counsel on behalf of Mt. Carmel and by members of the Commission's Energy and Financial Analysis Divisions ("Staff"). Evidence was presented by Mt. Carmel and Staff, and at the conclusion of the evidentiary hearing, the record was marked "Heard and Taken."

II. GOVERNING AUTHORITY

Section 9-220 of the Public Utilities Act ("Act"), 220 ILCS 5/1-101 et seq., provides in part that "notwithstanding the provisions of Section 9-201, the Commission may authorize the increase or decrease of rates and charges based upon changes in the cost of fuel used in the generation or production of electric power, [or] changes in the cost of purchase power...through the application of fuel adjustment clauses"

Rules implementing Section 9-220 are contained in 83 Ill. Adm. Code 425, "Uniform Electric Fuel Adjustment." Under Section 425.20, "the fuel charge passed through the FAC is the total amount of allowable fuel and fuel related charges as identified herein." The formula for determining the fuel adjustment charge per kilowatt-hour is set forth in Section 425.30. Rules regarding economic dispatch, billing periods, allowable fuel and fuel related charges, allowable energy charges associated with purchased power, base fuel cost, non-jurisdictional sales, and desulfurization cost are contained in Section 425.40.

III. EVIDENCE PRESENTED

Philip Barnhard, IV, Mt. Carmel's President, testifies that Mt. Carmel purchased all of its electric power requirements in calendar year 2005 from AmerenEnergy Marketing. Mr. Barnhard is responsible for supervising the calculation and filing with the Commission of the monthly and annual reconciliation required by Mt. Carmel's FAC tariff. Mr. Barnhard sponsors Exhibits E-1 and E-2 to his revised testimony, which identify and reconcile all components of Mt. Carmel's 2005 fuel costs and recoveries. Exhibit E-1 shows Mt. Carmel's fuel adjustment charge rate sheets. Exhibit E-2 shows that Mt. Carmel had an under-recovery of \$41,447.88 for calendar year 2005, and an under-recovery balance at December 31, 2005 of \$86,336.48. A \$90,400.57 under-recovery balance was charged to Mt. Carmel's customers in 2005 via Factor Ra, resulting in a requested ordered reconciliation factor of \$4,064.09. Mr. Barnhard also expresses the opinion that Mt. Carmel's procurement of fuel supply purchases was prudent during 2005.

Mike Ostrander, a member of the Accounting Department of the Financial Analysis Division, testifies that he reviewed Mt. Carmel's filing and the underlying documents that support the FAC reconciliation calculations. He does not recommend any adjustments to Mt. Carmel's reconciliation of FAC revenues collected under its FAC tariff with the actual cost of fuel supplies. Mr. Ostrander recommends that the Commission accept the reconciliation of revenues collected under the FAC tariff with actual costs, as reflected in Exhibit E-2 attached to Mr. Barnhard's revised testimony.

James Spencer, a member of the Engineering Department of the Energy Division, also testifies that he reviewed Mt. Carmel's filing and responses to data requests concerning the prudence of its fuel supply purchases during the reconciliation period. Mr. Spencer further states that he found no reason to dispute Mt. Carmel's assertion that all fuel and power supply purchases were prudently incurred during the reconciliation period.

IV. FINDINGS AND ORDERING PARAGRAPHS

The Commission, having considered the entire record and being fully advised in the premises, is of the opinion and finds that:

- (1) Mt. Carmel is a corporation engaged in the distribution of electricity and natural gas to the public in Illinois and, as such, is a public utility within the meaning of the Act;
- (2) the Commission has jurisdiction over Mt. Carmel and of the subject matter of this proceeding;
- (3) the statements of fact set forth in the prefatory portion of this Order are supported by the record and are hereby adopted as findings of fact;
- (4) the evidence shows that during the calendar year 2005 Reconciliation Period, Mt. Carmel acted reasonably and prudently in its purchase of fuel; and
- (5) Mt. Carmel's proposed reconciliation of revenues collected under its FAC tariff with the actual cost of fuel supplies during the Reconciliation Period, as described in Exhibit E-2 attached to Mt. Carmel Exhibit 1.0 Revised and reflected in the Appendix attached hereto, should be approved.

IT IS THEREFORE ORDERED by the Illinois Commerce Commission that the reconciliation submitted by Mt. Carmel Public Utility Company of the revenues collected under its FAC tariff with costs prudently incurred for the purchase of fuel for calendar year 2005 is hereby approved.

IT IS FURTHER ORDERED that Mt. Carmel Public Utility Company refund the Factor Ro of \$4,064.09 in its first monthly FAC filing following the date of this Order.

IT IS FURTHER ORDERED that subject to the provisions of Section 10-113 of the Act and 83 Ill. Adm. Code 200.880, this Order is final; it is not subject to the Administrative Review Law.

By order of the Commission this 25th day of October, 2006.
